The idea behind the Think Knowledge framework is to provide a structured approach to developing knowledge and understanding in young people. The program is designed to be fun, interactive, and engaging, with a focus on promoting critical thinking and problem-solving skills.

**Stay In Control and Report:**
- The three themes of **HAVE FUN, TRUST PRESENTATIONS, and CHALLENGE REPORT**

**Technique:**
- Interactive presentations that engage young people in thinking through and applying strategies to address real-world issues.

**Opportunities:**
- Access to resources for teachers and schools.
- Opportunities for schools to engage in the Think Knowledge framework.

**Volunteers:**
- Volunteers are encouraged to get involved in the program, providing support and guidance to young people.

**Microskills:**
- Microskills are taught to help young people develop essential life skills.

**Face-to-face Seminars:**
- In-person seminars are held at schools and community centers.
