

Tuesday. Parents and carers, school staff and students (in Years 5 to 12) will be asked to participate in these important surveys. The survey results will contribute to school research and improvement processes.

Although the survey is voluntary, we hope you will want to participate. It won't take much of your time and will help us improve our school for your child and future students. A letter or email about the parent and carer survey will be sent to you in August. The key ACT results from the 2017 School Satisfaction Surveys have been published on the Education Directorate website (www.education.act.gov.au) and a summary of our school results is provided in our 2017 School Board Report.
