Weetangera School is an  
ANAPHYLAXIS AWARE SCHOOL

Dear Parents and Carers,

We need to help all students recognise and value that persistent efforts, pure grit, curiosity, practice and the hidden power of each individuals' character, accompanied by setbacks, are part of the journey to extremely worthwhile achievements. Over the course of 2020 we will be continuing to learn together and further develop our Learning Dispositions.

Successful schools create a culture of resilience. Resilience can be defined as remaining steadfast in the face of any destabilising conditions. It can also be defined as having more protective factors than risk factors. Some protective factors that Weetangera School is always nurturing to increase educational success include fostering caring relationships, conveying high expectations and promoting opportunities for our students for intentional meaningful learning and participation in school life.

Research and evidence suggests that with the right supports, many young people can reach high levels of success that neither they or those around them thought possible (Building Learning Power, Guy Claxton, 2015). The research also confirms that one person can make a difference in helping students succeed. High quality relationships are especially important and a supportive school environment really matters. Resilience makes it possible for us to rebound and bounce-back from the challenges we are met with each day. Students' mindsets about learning are incredibly important in developing one of our core values, Resilience. Fostering resilience is important to all students.

**Our whole school improvement priority for 2020 is to improve the rate of growth in writing for all students**

*The statement below details our vision for how this priority will change the experience of school for our students.*

Students will articulate, we write for a range of purposes, and when the purpose changes, so does the text form. Effective writers draw on a range of skills while writing: generating ideas for writing, organising ideas so that they are sequenced and coherent, selecting words carefully, writing sentences that make sense, are grammatically correct and flow, apply spelling knowledge, apply punctuation knowledge, proofreading checking spelling, punctuation and the writing makes sense and recrafting making changes to the text to improve the content and message.

## Cycling Safely

The school encourages riding as one way to be physically active. Sometimes the busy roads and conditions around the inside and outside of the school can impact student safety. Riding may not be the safest option for the pedestrians or the rider.

We want our students and community to be safe. Wheel safety is taught as part of the PDHPE K- 6 curriculum. Parents and carers can assist by reinforcing safe, legal use of bikes and scooters by encouraging their child

Proposed date: Thursday 2 April 2020      Week 9 - from 5:30pm - 8pm

At Weetangera School we understand how important food and music is in celebrating identity any culture. We would like to hold an event at school where families join us for a twilight picnic - bringing food to eat and also a cultural dish/food to share with other families.

At the moment we would just like to know if families are interested in attending this type of event and are asking for expressions of interest to see whether an event like this could go ahead. If you are interested please send 'YES' via email to either [isabel.dunn@ed.act.edu.au](mailto:isabel.dunn@ed.act.edu.au) or [Natarsha.boogaard@ed.act.edu.au](mailto:Natarsha.boogaard@ed.act.edu.au)

### ANOTHER CHANCE OP SHOP

Another Chance Op Shop, Ross Smith Cres, Scullin shops will be having 50% off all clothing and books from Monday 16 – Saturday 28 March. Great bargains to be found, especially in children's and babywear. Like us on Facebook for more information. Open Monday – Friday 10am-4:30pm and Saturday's 10am-1pm. Another Chance is a project of Mosaic Baptist Church.

### STUDENT INJURY

#### Insurance and Ambulance Transport

The Education Directorate does not provide any insurance cover for injury, disease or illness to students resulting from school activities or school organised excursions. Claims for compensation are met where there is a legal liability to do so. Liability is not automatic and depends on the circumstances in which an injury, disease or illness was sustained.

As there is no automatic insurance cover for personal injury, if your child is injured at school or during a school organised activity/excursion you should therefore consider whether taking out personal insurance cover for your child is warranted.

This insurance might cover contingencies including medical/hospital expenses, ambulance transport outside the ACT, and cancellation of transport/accommodation or loss of/damage to luggage.

The ACT Ambulance Service provides free ambulance transport for students who are injured or suddenly become ill at school or during an approved school organised activity **within the ACT**.
